## Supervisor Biane Announces Cedar Pines Park Road Repairs

**San Bernardino** - The Board of Supervisors has awarded a \$44,444 contract for repairs and maintenance of roads and drainage facilities in the Cedar Pines Park area of Crestline/Lake Gregory. A 20-mile network of paved and unpaved roads serving local residents is funded through County Service Area 18, which also provides parks and other facilities for the area.

As a result of heavy rains during the 2004 and 2005 storms, several roads in the area were damaged. A number of drainage culverts, which divert water flows away from road improvements, were damaged and will also be repaired.

"I am pleased that the county may now move forward with these necessary repairs," said Supervisor Paul Biane, whose district includes Cedar Pines Park community, which is located west of Crestline. "I will monitor the progress of this vital project which is overseen by the County of San Bernardino Special Districts Department."

Supervisor Paul Biane represents the communities of San Antonio Heights, Mount Baldy, Lytle Creek, Devore, the cities of Upland and Rancho Cucamonga in addition to Crestline/Lake Gregory, and the Valley of Enchantment.
